

SMALL GROUP GUIDELINES

- Our small group environment is loving and safe. There is no judging, no condemnation. We maintain healthy boundaries and seek Jesus in every situation.
- Confidentiality and trust are the cornerstones of this ministry. Small group discussions are never to be shared under any circumstances outside of One Step.
- Small groups work much better when there is active participation. One Step is NOT a spectator sport!
- We do reserve the right to cut short inappropriate interactions such as cross talk. Cross talk is when a conversation is taking place between two or more to the exclusion of the rest of the group. We also work to give everyone who wants to share adequate time to do so.
- Profanity is not permitted at One Step. Likewise, everyone attending One Step is expected to be 100% sober.
- God knows your sin so; graphic sharing isn't necessary. We avoid "war stories".
